A Disclosures

The requested transactions will take effect on the valuation date MassMutual receives your request in good order**.** A confirmation of the transaction(s) requested on this form will be mailed to the Owner.

Transfer of Values.

- All transfer requests are subject to the limitations on frequent transfers and excessive trading imposed by us and by the funds underlying the Separate Account Divisions. MassMutual reserves the right to restrict or reject any transfer requests. Refer to your Policy and Prospectus for further details.
- Refer to your Policy and Prospectus for additional information about the listed Separate Account Divisions, the Guaranteed Principal Account (GPA), and for information regarding fund transfers. Not all funds listed on the form may be available for your policy. Refer to the Separate Account Availability Chart (section I) for the funds available for your policy.
- Transfers from the GPA are limited to one per contract year and cannot exceed 25% of the GPA value (less any policy debt) at the time of the transfer. However, if in each of the previous three contract years, 25% of the GPA value (less any policy debt) has been transferred and there have been no premium payments or transfers to the GPA, the remainder of the GPA value (less policy debt) may be transferred to the Separate Account Divisions.
- Transfers must be indicated in either whole dollar amounts or whole percentages, but not both.
- Transfers "From" and "To" the same investment options are not allowed.

  Apex VUL only *(In addtion to the limitations above, Apex VUL has the following restrictions)***:**

  - Transfers are not permitted from the GPA to the money market division of the Separate Account.
  - Transfers from a division of the Separate Account to the money market division are not permitted within 90 days of any transfer from the GPA.

Future Net Premium Allocation Changes.

The election will remain in effect until receipt of subsequent notice in good order from the Owner.

VLI

- Any change will take effect on the Policy Anniversary Date on or next following the date MassMutual receives your request, in good order.

Unscheduled Portfolio Rebalancing.

- Over time, varying investment performance among the Separate Account Divisions causes the desired ratios or percentages of the account value in those selected Divisions to change.
- The Policy and Prospectus restrictions on fund transfers apply to Unscheduled Portfolio Rebalancing requests. Therefore, MassMutual reserves the right to restrict or reject any Unscheduled Portfolio Rebalancing transactions.
- You may not select the GPA as one of the funds to be rebalanced.
- Percentages must be in whole numbers.
